

BRENT KING LTD ACCOUNTANTS FROM A CLIENTS POINT OF VIEW

01

CHRISTINA WILSON,
CHRISTINA WILSON & ASSOCIATES.
Research & Marketing Consultants specialising in qualitative research, brand strategy and communications.

Since using Brent King
as my accountants
I no longer dread the
tax year end.

Their patience, knowledge
and friendly manner have
lightened the heavy load!
I would happily recommend
Brent King to anyone
looking for an accountant.

Brent King have been our accounts for 5 years. They prepare our annual accounts, tax returns and provide advice on our accounts and numerous complicated accounting and tax issues related to our company.

They did a great job in tidying up our messy accounts when we moved from abroad back to the UK and when we changed from sole trader to limited company.
